

The Oxford Handbook of Comparative Regionalism

Edited by **Tanja A. Börzel** and **Thomas Risse**,
both at Otto-Suhr Institute for Political Science,
Freie Universität Berlin

- Provides an extensive and authoritative examination of comparative regionalism
- Features contributions from leading figures in the field

The Oxford Handbook of Comparative Regionalism - the first of its kind - offers a systematic and wide-ranging survey of the scholarship on regionalism, regionalization, and regional governance.

Unpacking the major debates, leading authors of the field synthesize the state of the art, provide a guide to the comparative study of regionalism, and identify future avenues of research. Twenty-seven chapters review the theoretical and empirical scholarship with regard to the emergence of regionalism, the institutional design of regional organizations and issue-specific governance, as well as the effects of regionalism and its relationship with processes of regionalization.
